## CEO Clubs Membership

The Chief Executive Officers Club International is a nonprofit organization which creates a nurturing environment for CEOs dedicated to improving the quality and profitability of their enterprises through shared experience and personal growth.

### STATEMENT OF PURPOSE

The Chief Executive Officers Club International is a nonprofit organization which creates a nurturing environment for CEOs dedicated to improving the quality and profitability of their enterprises through shared experience and personal growth. The CEO Club, a thirty five year old, not-for-profit association offers support to our members through shared experience and personal growth. Composed of several thousand CEOs and entrepreneurs of every description, The CEO Club provides a unique, diverse and expansive forum for its international membership. Put another way, The CEO Club is about making money and having fun while learning! From our perspective, it's okay to be independent, but there's no reason to go it alone.

CEO Club Full Members run businesses with an average of \$20 million in annual sales and are committed to growing those businesses through an exchange of ideas with like-minded peers. Two other categories of membership - Entrepreneurial Members and Associate Members - have progressive levels of access to Full Members, Full Member events and a library of CEO Club business tools and reference materials. Both our Entrepreneurial and Associate Members are viewed as Full Members in progress.

Besides our headquarters in New York City, there are CEO Club Chapters in four other U.S. cities: Baltimore, Boston, Dallas, and Miami, as well as Chapters in other countries such as China, India, The Philippines, Dubai, Bulgaria, Romania, and Greece. Member excursions to key Chapters and other international business sites are scheduled throughout the year. Each Chapter sponsors at least eight meetings annually, bringing Members together for a variety of different events. All Chapters provide a more intense business experience through participation in a Presidential Advisory Council ('Wolf PAC') comprised of a dozen Full Members offering high level advice to one another. These Wolf PACs are further combined into several Super PACs whose Members meet three times annually at resort locations.

Executive (Full) Members are entitled to attend all events in all Chapters, free of charge. Entrepreneurial Members can attend one PAC and one regional event annually free of charge. Associate Members receive e-mail notifications and invitations to all events and receive favorable discounts on a special package of member benefits.
