2011

Yin Chuan (Shizuishan), Chengdu (Dujiangyan), Qingdao (Jiao Zhou), Beijing

Jul 3rd - 12th, 2011

4 CITIES in 10 DAYS & 9 NIGHTS

In the past dozen years, The CEO Clubs in China have grown much faster than their USA headquarters. Many friendships have been developed across the sea and today about 150 members of the USA CEO Clubs and 150 members of the CEO Clubs of China have exchanged visits. The CEO CLUBS have taken about 850 CEOs to China during 25 visits. Joseph Mancuso, CEO CLUB founder, traveled alone to China over the Christmas vacation to arrange this trip with the eight members of the Global CEO Clubs. Many business relationships and joint ventures have developed because of this sharing between two cultures. Please see web sites: <http://CEOClubs.org> and <http://www.GlobalCEOClubs.com> for more information.

CEO CLUBS TO CHINA

REASONS TO JOIN THE CEO CLUBS IN CHINA

✍️ **Share ideas** with members from the China and USA Chapters of The CEO Clubs.

✍️ Have a **banquet dinner** with the CEO Club members and government officials in four cities.

✍️ In **Chengdu**, the home of the Panda Bear, enjoy shopping, bars and some of the best (and cheapest) foot massages in the East.

✍️ *This is a unique trip to find “business partners” in China, which are available in second and third tier cities where Americans seldom travel. Also, it will be a chance to have fun while you are making money.*

✍️ Your trip begins and ends in Beijing (The power capitol) and everything is paid for 10 days and 9 nights.

✍️ **SPECIAL NOTE:** you need single entry visas.

Our group has been there over a two dozen times before and we are well known in all of China. We have had enormous media coverage as the Chinese government wants to do business with America. We know the Mayors and the party secretaries and our Chinese members know the businesses. Chinese CEOs are anxious to meet you as the USA has made it impossible for many of them to obtain Visa's to visit here. Yet, they are seeking American partners.

In China, to do business successfully, you must first make friends, not only with the companies, but with the government and most of all the Mayors. Otherwise the business just doesn't happen profitably. It is a very simple but hard to follow principle for “ready-fire-aim” type American CEOs.

The CEO CLUBS travel first class or as we say, “one step above luxury”. We are given police escorts, access to private “communist only” hotels and front page media coverage. We do business by day and play as tourists by night. Of the 850 CEOs who have come on past trips, all agree, “it is the trip of a lifetime”.

MAKE YOUR TRIP TO CHINA A FAMILY AFFAIR

This trip is scheduled in the summer not only for the good weather but this is school vacation. We encourage you to bring children (I am) and seeing China is always more productive and fun when children are on the trip. Several years ago, as you will see in China Picture Book, Peter Tepperman's son, Brian, return to China to spend a summer with Mayor Han in Beijing. This 15 year old spoke no Chinese and said it was a great summer.

Citizens of America need a single entry visa, which is \$75 and is best obtained by going to Google. There is no visa required to enter Hong Kong and you can get a China visa in Hong Kong in a few hours for more money.

We will be in climates from north to south in July, which parallel Maine to Florida, so bring appropriate clothing. Bring an extra suitcase full of small gifts to exchange. You will need the extra suitcase on the way back.

These fares, heavily subsidized by the Chinese government, are for two people sharing a room and coach class tickets. We also have a special first class option, which includes first class internal China tickets, private translators, airport security clearance, and hotel suites; if you are interested.

You get your own flights to and from China and we do the rest. We need your airline flights to pick-you-up and your passport numbers for the hotels. We stay at five star hotels.

We strongly advise getting a loaded China cell phone. You can call anywhere in China and the USA with this phone. We will give you the cell phone numbers of all other members on the trip. It is especially useful for partners, husbands/wives to stay in touch while in China. This phone number is the best way to have your USA friends call you. The phone can be recharged for heavy use with a credit card. The fee for the rental and charger is between \$250 and \$300.00.

When its noon in China (they have one time zone) it is midnight in New York.

Remember this is China and they operate much differently than the USA. Please expect schedule changes.

We need your photo and bio to put on our website www.ceoclubs.org and to translate and put on www.globalceoclubs.com so business opportunities are optimized.

Always keep your hotel room key with you, as a non-English speaking taxi drivers will get you back to the hotel.

Most Chinese CEOs do not speak English and a small dictionary (conversion) can be useful.

We like www.Skype.com to make free phone calls from computer to computer. We will have Internet access at all locations.

Consider reading Mancuso's China Picture Book before you land in China.

Doing business in China is complicated. Making money in China is difficult.

Many members drop out and rejoin the trip. Please inform us of these type changes, both planned and unplanned.

We are here to find business opportunities first and have fun second. The schedule will change frequently to optimize these business opportunities.

HOTELS

The CEO Club Will Enjoy a First Class Trip at 350mph on the Blue Bullet!

Because The CEO CLUBS has a close working relationship with China's (M.O.R.) Ministry of Rails (US version of Department of Transportation), everyone on the July China visit will be given free first class rides to experience the train. The top speed is 350 MPH and China leads the world in this technology. Most likely we will be taking the half hour ride between Beijing and Tianjin. Many members have said this experiential aspect of our trip was the most valuable part of the China visit. The CEO CLUB is working with MOR to integrate Americas mid sized businesses (our member profile) into partnerships with MOR.

Mr. Liu Zhijun (pictured) is the Minister of Ministry of Railways and Secretary General of the Party Committee of the Ministry of Railways.

He began his career in Feb. 1972 and joined the Communist Party of China (CPC) in Aug., 1973.

Mr. Liu is mainly in charge of the overall railway affairs and in specific charge of General Office of the Ministry of Railways, Department of personnel, Department of finance, the affairs of international communication and cooperation, construction of high speed railway, railway safety transportation and dedicated transportation

China is the world's leader in fast trains. Under construction in China now is an interconnected network of over thirty high speed train projects. It is the type of project that builds infrastructure and creates jobs and benefits everyone.

The CEO CLUB is proud to be consultants to both the central governments Ministry of Railways and the largest high speed train manufacturer (China Railway Construction Corporation) with 250,000 employees.

The Club is following up President Obama's recent China visit by advising on building a high speed train for Los Angeles to Las Vegas, non-stop, in 84 minutes. See www.DesertXpress.com for more details.

BEIJING

Beijing, capital of the People's Republic of China, is the nation's political, economic, cultural, educational and international trade and communication center. Located in northern China, close to the port city of Tianjin and partially surrounded by Hebei Province, Beijing also serves as the most important transportation hub and port of entry in China.

Beijing, one of the six ancient cities in China, has been the heart and soul of politics and society throughout its long history and consequently there is an unparalleled wealth of discovery to delight and intrigue travelers as they explore Beijing's ancient past and exciting modern development. Now it has become one of the most popular tourist destinations in the world, with about 140 million Chinese tourists and 4.4 million international visitors in a year.

CEO CLUBS TO CHINA

YIN CHUAN

Yinchuan, the capital of Ningxia Hui Autonomous Region, lies to the west of the Yellow River and to the east of Helan Mountain. The landform is divided into two main parts, the mountainous region in the west and south and the plains in the north and east. The average altitude of Yinchuan is 1,100 meters (about 3,609 feet). Lying in the central section of Ningxia Plain which is irrigated by the Yellow River, Yinchuan holds abundant water resources and enjoys the reputation of 'a land of fish and rice in the frontier'.

A brilliant culture has contributed to Yinchuan being a famous tourist city. There are over 60 historical sites including mosques, pagodas, pavilions, temples, and imperial tombs as well as natural scenery such as Helan Mountain, Sand Lake Scenic Resort (Sha Hu) and Shapotou, etc.

A transportation system of highway, railway and airlines in Yinchuan provides speed and convenience. There are several national highways leading to all parts of the country and more than 125 kilometers (about 78 miles) of expressways within the boundaries of the city. Baolan Railway (Baotou in Inner Mongolia Autonomous Region to Lanzhou in Gansu Province) and Zhongbao Railway (Zhongwei in Yinchuan Province to Baoji in Shaanxi Province) connect with all railway lines to every destination. In addition, flights from Yinchuan Hedong Airport take you to all the major cities of China.

Here you can taste the local dishes or snacks of rich Islamic flavor, such as Yangrou Paomo and Shouzhua Yangrou. Hotels of different grades are available to visitors, providing you warm and comfortable places to relax yourself.

CHENGDU

Chengdu is the capital of "Heavenly State" (Tian Fu Zhi Guo), habitat of giant pandas and city of cotton-rose hibiscus.

Located in the west of Sichuan Basin and in the center of Chengdu Plain, Chengdu covers a total area of 12.3 thousand square kilometers (4,749 square miles) with a population of over 11 million.

Benefitting from Dujiangyan Irrigation Project which was constructed in 256 B.C., Sichuan Province is reputed as "Tian Fu Zhi Guo", literally a place richly endowed with natural resources. Chengdu, as the capital, is extremely productive. The Min and Tuo Rivers, two branches of the Yangtze River, connected to forty other rivers, supply an irrigation area of more than 700 square kilometers (270.27 square miles) with 150-180 million kilowatts of water. Consisting of abundant mineral resources, the land is extremely fertile.

In addition to its profound historical and cultural background featuring historic places of interest such as the Thatched Cottage of Du Fu , Wuhou Memorial Temple and Wenshu Monastery , etc, natural beauty abounds in surrounding areas such as in the Jiuzhaigou Scenic Area and Huang Long Valley (Yellow Dragon Valley) . The natural habitat of giant pandas, Chengdu Panda Breeding and Research Center , supports the world's only giant panda breeding and research base.

Sampling the famous Sichuan cuisine is a must on a trip to Chengdu. Enjoying the food as well as the culture, shopping and having tea at a teahouse afford a deeper understanding of Chengdu.

Improved land and airlines extending nationwide provide greater convenience. Chengdu is also the main inland access city to Tibet.

QINGDAO

Qingdao, a beautiful seaside city, is located in the southeast part of Shandong Province. To the east, a short distance across the Yellow Sea, lie Korea and Japan, making Qingdao an important city for international trade.

The red roofs, green trees, blue sea, and azure sky form a bright and colorful picture of Qingdao. The city is sometimes known as the Switzerland of the Orient. Surrounded by the sea on three sides, Qingdao attracts many tourists with its charming seascape. Sights like the Eight Passes Villas, Wusi Square, the Zhan Bridge, Mt. Laoshan, No.1 Bathing Beach, Badaguan Scenic Area will help you remember Qingdao. Just walking on the sand and listening to the surf breaking on the beach becomes enjoyable.

Qingdao offers food with distinctive flavors--especially seafood. So take this chance to enjoy the delicious seafood of Qingdao. Also, Qingdao is the home of the famous Qingdao (Tsingtao) Beer. Have a bottle of pure Qingdao Beer right here in Qingdao!

The Qingdao Municipal Government recognizes the importance of the tourism industry and has further plans to develop tourism in Qingdao. To enhance the tourism industry, Qingdao now sponsors the Qingdao International Beer Festival, the Qingdao International Sea Festival, Beach Culture Festival, the Sea Affection Festival, and the Summer of Qingdao Festival.

Qingdao and Korea

Since the first Korean companies began doing business in Qingdao in 1988, Korean people have lived here. Thousands of Korean people now live and work here, which makes Qingdao the city with the most Korea investment enterprises in China. And Qingdao also has the largest Korean population in China. With years of cultural exchange, they have established deep, close friendships and mutual trust with the native Chinese people.
